Lunchtime symposium

The AI Revolution in Hernia Repair

Thursday 5th June | 1.15 - 2.15 p.m. CET

Join us in **room 143** for a live panel discussion, as we take a deep dive into some of the topics shaping surgery.

Our expert panel:

Prof. Jared
Torkington MD
Moderator

Dr. Salvador
Morales Conde MD
Panelist

Prof. Guillaume
Passot MD
Panelist

Dr. Eva
Deerenberg MD
Panelist

Dr. Anicet
Le Ruyet PHD
Panelist

Dr. David
Chen MD
Panelist

13:15

Industry Symposium by MEDTRONIC

Medtronic

Room 143

14:15

The AI Revolution in Hernia Repair - Real life possibilities
of AI Shaping the future of surgery

Moderators: Guillaume PASSOT (France), David CHEN (USA), Eva DEERENBERG (The Netherlands), Jared TORKINGTON (Wales)

13:15

AI Through the Surgeon's Eyes: A Future Perspective

Salvador MORALES-CONDE (Spain)

13:25

Future Possibilities of AI from an Industry Perspective

Anicet LERUYET (France)

13:35

Panel Discussion

Main topics:

- Technology advancements
- Mesh innovations
- Biomechanics
- Pre-optimization in surgery
- Robotics integration
- Surgical education
- Data collection and performance analysis
- Pitfalls and challenges

Platinum Partner

Medtronic

Gold Partner

Bronze Partner

June 4th, 2025, Wednesday

Industry-Sponsored Symposia

12:45 Industry Symposium by BD
13:45 Hernia Transformation – Treating and Preventing

Ternes room

Moderator: Salvador MORALES-CONDE (Spain)

- 12:45 Surgical controversies in giant HH: to mesh or not to mesh?**
Salvador MORALES-CONDE (Spain)
- 12:57 The journey from CAWR to AWR & DR**
Fernando FERREIRA (Portugal)
- 13:09 IH Prevention in Ileostomy Reversal: The Role of Long-term Bioresorbable mesh**
Umberto BRACALE (Italy)
Farouk DRISSI (France)
- 13:33 Debate**
All

12:45 Industry Symposium by MIS
13:15 DURAMESH™ By Mesh Suture, Inc. #BeyondTheCommonThread

Room 141

Moderator: David ROSS (UK)

- 12:45 Hot Off The Press**
David ROSS (UK)
- 12:48 DURAMESH™ in My Hands**
Flavio MALCHER (USA)
- 12:51 DURAMESH™ versus V-Loc RCT**
Murat BAKI YILDIRIM (Turkey)
- 12:54 DURAMESH™ in My Hands**
Miguel-Ángel GARCIA-URENA (Spain)
- 12:57 DURAMESH™ in My Hands-The Croydon Experience**
Sam PARKER (UK)
- 13:00 DURAMESH™ in My Hands-The Croydon Experience**
Rhys THOMAS (UK)
- 13:03 DURAMESH™ in My Hands**
Guido WOESTE (Germany)

June 5th, 2025, Thursday

Industry-Sponsored Symposia

13:15 Industry Symposium by **COUSIN SURGERY**
14:15 Unveiling the 4D Universe: The Future of Innovation

Ternes room

Moderator: Yohann RENARD (France)

13:15 **4DMesh clinical results in TAPP**

Helle LUND (Denmark)

13:27 **Intermediate results of a new clinical study on inguinal 4DMesh**

Yohann RENARD (France)

13:39 **Complex open ventral hernia repair with 4DVentral - video presentation**

David MOSZKOWICZ (France)

13:51 **Best Practices for Umbilical Hernia Repair**

Gernot KÖHLER (Austria)

13:15 Industry Symposium by **GORE**
14:15 Treatment algorithms and approaches that drive innovative biomaterial choices in high-BMI, co-morbid patients undergoing complex ventral hernia repair

Room 141

Moderators: Manuel LÓPEZ-CANO (Spain), Miguel-Ángel GARCIA-URENA (Spain),
 Diego CUCCURULLO (Italy), Toby HAMMOND (UK)

13:15 **Welcome and Introduction of Faculty**

Manuel LÓPEZ-CANO (Spain)

13:20 **An update on the Madrid APPROACH and the incorporation of GORE® SYNECOR Preperitoneal Biomaterial into my complex hernia practice**

Miguel-Ángel GARCIA-URENA (Spain)

13:35 **The benefits of the robot in high-BMI patients undergoing complex ventral hernia repair, and the adoption of GORE® SYNECOR Preperitoneal Biomaterial in this approach**

Diego CUCCURULLO (Italy)

13:50 **What meshes do I use and why? From pre-operative to intraoperative decision making & post-operative quality of life considerations**

Toby HAMMOND (UK)

14:05 **Open Q&A**

14:15 **End of the Industry Symposium**
